THANK YOU!

The past 30 years have been an incredible journey. We have grown from a small sweet shop to a preferred South Asian brand in it's category across North America. We want to express our gratitude to customers like you who helped us grow so far.

BRAR'S DESSERTS

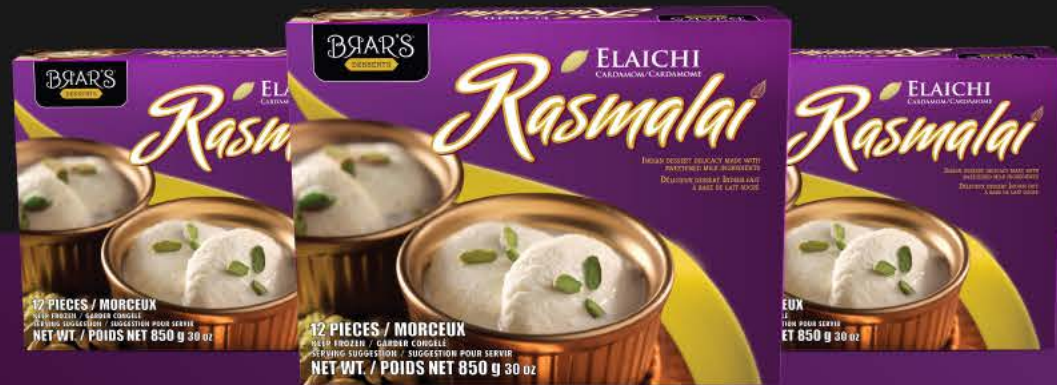

Also called Mithai, Indian sweets come in many flavours, shapes, sizes and colours. They are known across the world for their rich taste and flavours.

Many Indian cultures consider sugar, milk and ghee to be pure substances that can purify one's soul. Whether that is true or not, we can bet that Brar's Desserts can give you immense satisfaction.

We've made massive investments and undertaken research to learn more about how sweets have been consumed over the past 100 years. Combined with our traditional recipes, this has helped us create sweets that will leave you asking for more!

Whether you like Peras, Ladoos, Barfis or Rasmalai, we've got something for everyone.

BRAR'S DAIRY

Dairy has been an integral part of Indian culture for thousands of years. From being a part of religious rituals to the traditional Vedic medicine 'Ayurveda', milk and milk products have been an essential part of life.

Our traditional recipes combined with world renowned Canadian milk has helped us create products that are of extremely high quality while letting us keep processes and additives to a minimum.

Over the past decade, the demand for our dairy products grew quickly and we recently acquired a new facility to bolster production. Dairy also forms the basis of a variety of sweets and desserts that we produce. Our product range includes Ghee, Paneer, Makhani, Khoa, Dahi, Mozzarella cheese etc.
